Volume 19 Number 1 1988

1 Analysis of a horse family with a crossing-over between the ELA complex and the A blood group system
G. Guérin, H. Varewyck, M. Bertaud & P. Chasset

11 Relationship between the bovine major histocompatibility complex (BoLA), erythrocyte markers and susceptibility to mastitis in Icelandic cattle
O. Oddgeirsson, S. P. Simpson, A. L. G. Morgan, D. S. Ross & R. L. Spooner

17 A comparative study of major histocompatibility complex antigens in East African and European cattle breeds
S. J. Kemp, R. L. Spooner & A. J. Teale

31 Electrophoretic variants of serum transferrin in wild pig populations of Japan
Y. Kurosawa & K. Tanaka

37 The red cell 'X'-protein system in goats: evidence for a third allele in a Malaysian breed
N. Hasima, S. S. Dhaliwal & T. K. Mukherjee

Short Communications

43 The A system of horse erythrocyte alloantigens: a new allele and another look at factor Ae
A. T. Bowling & R. Ewalt-Evans

47 Preliminary evidence for a fourth allele at the phosphohexose isomerase *(Phi)* locus of horse erythrocytes
A. T. Bowling & E. Wictum

51 Identification of bovine κ-casein genotypes at the DNA level
A. Rando, P. Di Gregorio & P. Masina

55 A third variant of glucose phosphate isomerase in pigs
A. Van de Weghe, Ts. Yablanski, A. Van Zeveren & Y. Bouquet

59 Haemoglobin polymorphism in Norwegian Red Cattle
M. Braend

Report

63 Joint Report of the First International Comparison Test on Swine Lymphocyte Alloantigens (SLA)
Ch. Renard, B. Kristensen, C. Gautschi, V. Hruban, M. Fredholm & M. Vaiman

Volume 19 Number 2 1988

73 Obituary

75 Immunomagnetic isolation of cells for serological BoLA typing
Ø. Lie, F. Vartdal, S. Funderud, G. Gaudernack, E. Frøysadal, I. Olsaker, J. Ugelstad & E. Thorsby

87 Novel alpha haemoglobin haplotypes in horses
A. T. Bowling, A. M. Scott, J. Flint & J. B. Clegg

103 Characterization of class I bovine lymphocyte antigens (BoLA) by one-dimensional isoelectrofocusing
I. Joosten, R. A. Oliver, R. L. Spooner, J. L. Williams, B. G. Hepkema, M. F. Sanders & E. F. Hensen

115 Class I antigens of the bovine major histocompatibility system are weakly associated with variation in faecal worm egg counts in naturally infected cattle
M. J. Stear, T. J. Tierney, C. Baldock, S. C. Brown, F. W. Nicholas & T. H. Rudder

123 Mapping of bovine prolactin and rhodopsin genes in hybrid somatic cells
E. M. Hallerman, J. L. Theilmann, J. S. Beckmann, M. Soller & J. E. Womack

133 Restriction fragment length polymorphism of DQ and DR class II genes of the bovine major histocompatibility complex
S. Sigurdardóttir, A. Lundén & L. Andersson

151 BoLA antigens are associated with increased frequency of persistent lymphocytosis in bovine leukaemia virus infected cattle and with increased incidence of antibodies to bovine leukaemia virus
M. J. Stear, C. K. Dimmock, M. J. Newman & F. W. Nicholas

159 Ovine lymphocyte antigens: a comparison of Australian and European antisera
P. M. Outteridge, P. R. Cullen, R. G. Windon & S. Brown

171 Breed differences in the distribution of BoLA-A locus antigens in American cattle
M. J. Stear, T. S. Pokorny, N. E. Muggli & R. T. Stone

Short Communications

177 Subdivision of equine Tf into H_1 and H_2
K. Bell, C. C. Pollitt & S. D. Patterson

185 Interspecies cross-reactiyity of bovine lymphocytotoxic sera with pig lymphocytes
M. Simon, V. Hruban & G. Grzybowski

BEST COPY AVAILABLE
FOR REPRODUCTION

189 A new allele at the *Pgd* locus in pigs
A. L. Archibald & B. L. McTeir

193 Determination of N-terminal amino acid sequence of bovine class I antigens
J. J. Letesson, J. Vandekerckhove, N. Lostrie & A. Depelchin

197 Regional assignments of *NP* and *MPI* on chromosome 7 in pig, *Sus scrofa*
H. Ryttman, P. Thebo & I. Gustavsson

201 Book review

202 Society News

Volume 19 Number 3 1988

203 Porcine malignant hyperthermia carrier detection and chromosomal assignment using a linked probe
W. Davies, I. Harbitz, R. Fries, G. Stranzinger & J. G. Hauge

213 Identification of genetic variation in the bovine major histocompatibility complex DRβ-like genes using sequenced bovine genomic probes
N. E. Muggli-Cockett & R. T. Stone

227 Genetics and development of ocular oxidases in the mouse: evidence for a new locus *(Eox-1)* closely linked with the aldehyde oxidase loci on chromosome 1
M. Hintz, U. K. Rout & R. S. Holmes

237 Genetic polymorphism of plasma α_1B-glycoprotein and transferrin in arctic and silver foxes
R. K. Juneja, T. Niini, O. Lohi, B. Larsen & B. Gahne

245 Close association between DNA polymorphism of bovine major histocompatibility complex class I genes and serological BoLA-A specificities
P.-G. Lindberg & L. Andersson

257 Kinetics of the Hb A to Hb C switch and erythropoietin plasma levels in sheep
R. Vestri, A. Crema, A. Testa & O. Lostia

267 Genetic variation in the blood of llamas, *Llama glama*, and alpacas, *Llama pacos*
M. C. T. Penedo, M. E. Fowler, A. T. Bowling, D. L. Anderson & L. Gordon

277 Anti-Rous sarcoma response of major histocompatibility *(B)* complex haplotypes B^{23}, B^{24} and B^{30}
R. L. Taylor Jr, R. A. Clare, P. H. Ward, R. W. Briles & W. E. Briles

BEST COPY AVAILABLE
FOR REPRODUCTION

Short Communications

285 Polymorphism of the SLB serologically defined (non-MHC) alloantigenic system in pigs
V. Hruban, J. Hradecký & P. Dvořák

291 Polymorphism and genetic control of erythrocyte 6-phosphogluconate dehydrogenase in the genus *Cervus*
S. Herzog

295 Transferrin *(Tf)* polymorphism in wild rabbit, *Oryctolagus cuniculus*
N. Ferrand, G. Carvalho & A. Amorim

301 Society News

Volume 19 Number 4 1988

303 Editorial

305 On periodicities governing the construction of genes and proteins
S. Ohno

317 Standardbred stallion gene transmission for twelve protein systems
L. R. Weitkamp, J. W. MacCluer, S. A. Guttormsen & R. H. King

331 Excess of heterozygotes at albumin locus in American Standardbred horses
A. T. Bowling & R. S. Clark

343 T lymphocyte development and maturation in horses
L. E. Perryman, C. R. Wyatt, N. S. Magnuson & P. H. Mason

349 A monoclonal antibody identifying a T-cell marker in the horse
A. L. Crump, W. Davis & D. F. Antczak

359 ELA and fertility in American Standardbred horses
J. W. MacCluer, E. Bailey, L. R. Weitkamp & J. Blangero

373 Evaluation of the presence of a specific histocompatibility protein on equine embryonic cells
K. L. White, D. L. Thomson Jr & T. C. Wood

379 At least two loci encode polymorphic class I MHC antigens in the horse
W. L. Donaldson, A. L. Crump, C. Zhang, J. Kornbluth, M. Kamoun, W. Davis & D. F. Antczak

391 Serological and genetic study of the ELA W21 specificity
H. Hirni, S. Lazary & H. Gerber

395 Restriction fragment length polymorphisms of horse class II MHC genes observed using various human alpha- and beta-chain cDNA probes
K. Hänni, F. Hesford, S. Lazary & H. Gerber

409 Equine disease association studies: a clinician's perspective
J. J. McClure

417 Evaluation of breed as a risk factor for sarcoid and uveitis in horses
J. Angelos, Y. Oppenheim, W. Rebhun, H. Mohammed & D. F. Antczak

427 Association of arytenoid chondritis with equine lymphocyte antigens but no association with laryngeal hemiplegia, umbilical hernias and cryptorchidism
J. J. McClure, C. Koch, M. Powell & J. R. McClure

435 Effects of bovine colostrum, foal serum immunoglobulin concentration and intravenous plasma transfusion on chemiluminescence response of foal neutrophils
M. M. LeBlanc & E. L. Pritchard

Report

447 Joint Report of the Fifth International Workshop on Lymphocyte Alloantigens of the Horse, Baton Rouge, Louisiana, 31 October–1 November 1987
S. Lazary, D. F. Antczak, E. Bailey, T. K. Bell, D. Bernoco, G. Byrns & J. J. McClure

457 Author and subject indexes to Volume 19
